The Pilot Club of Baytown
celebrates their 60th Anniversary
with a ceremony honoring
the Legacy of our Presidents

President's Message

Dear Pilot Friends:

This year has gone by quickly. But we can look back and see many worthwhile accomplishments. We collected more than ever for the Alzheimer's Association with our walk in October. This has become a community-wide project with our club and Judy Wheat leading the way. All the members helped with the Barbeque in January and we made a great amount of money to spend on our worthy projects for next year.

Remember our trip to Galveston to the 1894 Grand Opera House to see Tuna Does Vegas. That was lots of fun. And it was so inspiring to listen to Zeb Wilcox talk about his experience as a survivor of the USS Indianapolis tragedy during the last days of World War II. Our "Share Pilot" events were both fun for new members and seasoned members, too. Thanks to Cindy Day for hosting the Halloween party and to Maryon Babin for the Jewelry party.

But the year is not over yet. We have several important events still to come - the 60th Anniversary Tea, the International Dinner and Brainminders.

Members can be proud that we will have 11 Pilots attending the Texas District Convention in Beaumont the last of April. Delegates are Neva White, Linda Roy and Nancy Mann. Alternates are Judi Jones and Pat Gersteman. Other members planning to attend are Delores Ellis, Caren Bailey, Judy Wheat, Helen Gerlich, Becky James, and Carolyn Parrish. Judy Wheat is running for Lt. Governor of the District and Helen and Becky are working with the awards. We are complimented to have 3 people participating on the district level. We will have a good time and will get some ideas about ways to improve our club.

On May 1 Pilot Clubs in the area are getting together for lunch and bunco at the Teapot Depot in Highlands. Lunch will be at two followed by games of bunco if you wish to play. It will be an opportunity to get acquainted with other Pilots and have a good time also. If you don't know how to play Bunco, someone will show you in about 3 minutes. Mary Beth Hrabina is an expert. If you wish to go, please contact Judy Wheat who is taking the reservations.

In Pilot love,

Nancy
